Refer to: St. Clair County - 16312103 - Sauget/Toxic

Monsanto Chemical Company  
W. G. Krummrich Plant  
Route 3  
Sauget, Illinois 62201

Attention: Mr. Richard Sinise

Dear Mr. Sinise:

Perry Mann and I, representing this Agency, inspected your solid waste disposal facility located west of the Krummrich Plant on October 12, 1979. In our meeting at the site on October 12, the new engineering study which included the addition of monitor wells was briefly discussed.

This Agency would appreciate it very much if you would supply us with as much information as you can pertaining to the final covering of the site and the details of the soil borings and monitoring wells that were installed.

The inspection disclosed that you have satisfactorily closed and covered this facility.

Site problems relating to leachate, surface drainage or erosion that may develop in the future should be corrected promptly. Your attention is directed to Rule 318, Chapter 7 of the Illinois Pollution Control Board Rules and Regulations on Solid Waste, which is as follows:

### Rule 318: Completion of Closure Requirements

- a. The owner or operator of a sanitary landfill site shall monitor gas, water, and settling at the completed site for a period of three years after the site is completed or closed.
- b. The owner or operator shall take whatever remedial action is necessary to abate any gas, water, or settling problems which appear during the three year period.
- c. The owner or operator shall, upon completion or closure, file a detailed description of the site, including a plat, with the appropriate county land recording authority for the county in which the site is located.

If you will please send us documentation that you have complied with Rule 318(c), it will reduce our need to contact you again regarding this matter. Therefore, we are now requesting that you submit to this office a duplicate copy of the detailed site description and plat that you have filed with the County Land Recording Office so that we can clear our files in this matter.

Your cooperation is appreciated. If this Agency can be of assistance to you at any time, please contact us.

Sincerely,

*Kenneth G. Mensing*

Kenneth G. Mensing, Southern Region Manager  
Land Field Operations Section
